

Ameriprise Financial Grant Making Guidelines

At Ameriprise Financial, giving back is deeply rooted in our culture. We've initiated positive change in the communities where we live and work for more than 125 years. We believe our community involvement enables us to actively live our values. Through grant making, volunteerism and employee and financial advisor gift matching programs, we support a diverse group of over 7,000 nonprofits.

Our grant making is an important part of how we strengthen communities and help individuals and families in need. We focus on three key priorities. By targeting our giving, we make the most of our resources and engage our people to make a collective impact with greater benefit for communities.

Our grant making focus areas are:

1. Meeting Basic Needs
 - a. Hunger
 - b. Shelter
 - c. Adult Self-Sufficiency
2. Supporting Community Vitality
 - a. Community Development
 - b. Cultural Enrichment
 - c. Disaster Relief and Recovery
3. Volunteer-Driven Causes in our headquarters community of Minneapolis and St. Paul

Volunteer engagement is a priority across all focus areas

The engagement of Ameriprise Financial employees and advisors is a critical component of our philanthropy. Whether it's serving on a nonprofit board, engaging colleagues or clients in volunteering, or providing skills-based support, our relationships with nonprofits go deep while volunteerism is strongly preferred, it is not required to apply.

Supporting diversity and inclusion

At Ameriprise Financial, we believe that through diversity, we access talent, innovative ideas and varied perspectives to deliver financial solutions that help meet clients' needs and make a difference in their lives. We foster an inclusive culture where we embrace the unique contributions of everyone at Ameriprise Financial. In our grantmaking we support organizations that share our value of diversity and inclusion and comply with our non-discrimination statement.
